

Landscaper Pro®

Finesse

Finesse is the right mix for your ornamental lawn!
The mix is suitable for a wide spectrum of conditions and soil types, and results in dense, fine-leaved turf with a fantastic colour.

The rye grass present in the mix ensures fast initial growth as well as good tread resistance. The red fescue in the mixture ensures good drought tolerance as well as good performance in shady areas of the garden.

Composition

- 40% *Lolium perenne* (Perennial ryegrass)
- 40% *Festuca rubra rubra* (Strong creeping red fescue)
- 10% *Festuca ovina* (Sheep's fescue)
- 10% *Festuca rubra trichophylla* (Slender creeping red fescue)
