

# Landscaper Pro®

## Sun & Shade

Sun & Shade is the mixture for the lawn in partial shade. The mixture contains varieties specially selected for their shade tolerance. Sun & Shade creates a strong, dense sward which is extremely wear resistant. The fine leaves of the red fescue in the mixture give it an ornamental appearance.

### Composition

30% *Festuca rubra trichophylla* (Slender creeping red fescue)  
30% *Festuca rubra rubra* (Strong creeping red fescue)  
15% *Festuca rubra commutata* (Chewing's fescue)  
25% *Lolium perenne* (Perennial ryegrass)

### Use

- Recreational lawn in partial shade
- Ornamental lawn in partial shade
- Public green spaces

### Sowing recommendation

25 - 30 gr/m<sup>2</sup>

### Recommended mowing height

From 15 mm
